SIXTEEN PAGES—FIVE CENTS

UNITED NATIONS TAKES SIXTEEN MEMBERS—Dag Hammarskjöld, Sec. General of the United Nations, is flanked by U. N. officials and representatives of some of the newly-admitted nations at the General Assembly. Left to right are: Antonio de Lucena of Portugal; Juan de Erice, of Spain; Jose de Arellano of Spain; Koroly Szarka of Hungary; Alberico Casardi of Italy; Hammarskjöld; Jose Maza of Chile, president of the assembly; Andrew Cordier, assistant to Hammarskjöld; John Conroy of Ireland; R. S. S. Gunewardene of Ceylon; Nong Kimmy of Cambodia; Josef Dolezal of Rumania and Ouret Sannavang of Laos.

Yugoslav, Philippine U.N. Seat Deal Fails

UNITED NATIONS, N. Y. (AP) — A proposed compromise deal to settle the deadlock over a Security Council seat collapsed Friday night at a stormy session of the U. N. Assembly. The Assembly refused to give Yugoslavia enough votes to elect it to the non-permanent seat on the council held by Turkey.

The deal announced by Assembly President Jose Maza called for Yugoslavia to resign after one year and for the Assembly next year to elect the Philippines.

Yugoslavia polled 34 votes, 6 short of the two-thirds vote of those present and taking part in the balloting. The Philippines, which withdrew under the deal, got 19 votes. Spain received two votes, and Bulgaria, Italy, Sweden, Yemen one each.

Firm Offers \$100 Loan To Strikers For Christmas

PITTSBURGH (P)—Westinghouse Electric Corp. Friday offered to lend \$100 cash to any striking or furloughed employee of the firm who needs money to provide "the essentials for a decent Christmas."

Production in 40 of the firm's biggest plants has been practically stalled by a strike of the AFL-CIO International Union of Electrical Workers and the independent United Electrical Workers.

The UE called the loan offer a "nice gesture." The IUE said, "They (the company) have offered a bribe."

Neither union said specifically if it wanted its members to accept loans. More than 50,000 workers are on strike and another 40,000 employees are furloughed or receiving only part-time work. The company says the strikers alone are losing \$950,000 a day in wages.

A furloughed worker — or striker — must have lost 30 days consecutive work to qualify for the loan. The big electric appliance firm did not comment on its own losses but other sources estimate production losses alone have passed 150 million dollars to date. That does not include maintenance costs.

The loan offer was made by William A. Price, president and chairman of the board. He said the details of handling the loans would be worked out and announced by individual plant managers.

18½ MILLION FISHERS

WASHINGTON (P)—The Department of Interior says last year 18½ million persons held state fishing licenses and more than 14 million had state hunting licenses. The department says there were only half that number of fish and game licenses 10 years ago and they are now "increasing at the rate of a million a year."

Soviet Leaders, Afghan Officials Start Bargaining

KABUL, Afghanistan (P)—Russia's traveling salesman, Premier Nikolai Bulganin and Communist party boss Nikita S. Khrushchev, sat down around the bargaining table Friday with apparently receptive Afghan leaders.

Afghan Premier Mohammed Daud already has received economic aid from the Soviet Union and is counting on more, plus political support for Afghanistan's demand that a new state for Pathan tribesmen be carved out of neighboring Pakistan.

But Afghan officials are reluctant to appear too eager and are playing the Soviet leaders' visit down for fear of making the West think this country may turn into a Communist satellite.

Afghanistan especially wants to remain friendly with the United States, from which it has received much economic aid. In addition, overtures have been made to President Eisenhower for his influence in the dispute with Pakistan.

On the other hand, the Russians are after close links with this mountainous nation so they can extend Soviet influence right to Pakistan's borders on historic Khyber Pass.

Offers Estranged Husband \$1,000 For Homestead Rights

CHICAGO (P)—Mrs. Mollie Netcher Bragno, the heiress, offered \$1,000 to her estranged husband, Edward, Friday.

It was done in a legal manner and seemed aimed at letting him know formally that it's her house he is living in.

Mrs. Bragno, 28, owns the family home at 40 E. Burton Pl. She moved out in October, Bragno, 45, a wine merchant, has been living there alone.

A suit filed in Circuit Court Friday asked that Bragno be ordered to accept \$1,000 for his "homestead rights" in the three-story residence.

Edward Rothbart, attorney who filed the suit for the Northern Trust Co., said Mrs. Bragno has conveyed the title to the \$75,000 house to the trust company under a trust agreement.

Rothbart said that, under the seldom-used Illinois Homestead law, a homestead is a place provided for the residence of a family. Since Bragno is not the owner, the lawyer said, he is merely a homesteader and the law sets a maximum of \$1,000 value on homestead rights.

Presumably, if Bragno accepted the \$1,000 he would lose whatever living privileges he has in the home.

Mrs. Bragno is heiress to the multi-million dollar Netcher fortune. The Netchers operated the old Boston Store, a department store on Chicago's State street.

Two Lutheran Groups Launch Merger Move

CHICAGO (P)—Two large Lutheran church groups Friday launched a move to unite the 16 Lutheran denominations of the United States.

The proposal to link the nation's seven million Lutherans into a single church was started at a meeting of commissions of the United Lutheran Church in America and the Augustana Lutheran Church.

The joint group invited leaders of the 14 other Lutheran church bodies to take up with their churches the question of sending delegations to a unity conference to be held after Nov. 1 next year, probably in Chicago.

The invitation said the purpose of the meeting will be "to consider such organized union as will give real evidence of our unity in the faith, and to proceed to draft a constitution and device organizational procedures to effect union."

The nationwide Lutheran union movement was the outgrowth of an invitation last March by Dr. Franklin Clark Fry, of New York, president of the 2½-million member ULCA, to the Augustana church of 500,000 membership, to consider a merger.

ULCA's eight-man special commission on relations to American Lutheran church bodies met with the Augustana Commission on Ecumenical Relations, a 13-member body headed by Dr. Oscar A. Benson of Minneapolis, the Augustana church president.

The joint invitation will also go to the Lutheran Church-Missouri Synod, a two-million membership body and second largest in the nation.

Syria Demands U.N. Throw Israel Out

Believe Nasser's Warning Increased Possibility Of War

CAIRO (P)—Diplomatic circles here believe the possibility of war has been increased by Premier Nasser's warning Thursday to the United Nations that Egypt will take action if another Israeli attack occurs.

Most diplomats here believe Nasser's warning was intended to impress on the Security Council it must take strong action, or peace in the area will be imperiled. But they fear Nasser may be lured by Israel into throwing the first real punch.

If Israel contemplates a preventive war, these diplomats believe it would like Egypt to appear to start it. They say they do not believe the Israeli government now wants any additional territory, but its maximum military objective would be to shatter the striking power of the Arab armies.

Nasser's statement Thursday was so strong that many observers believe he has committed Egypt to all-out attack in case Israel again strikes a frontier post on the Egyptian or Syrian front.

Talk of preventive war has increased since Egypt made its huge arms deal with Czechoslovakia this fall. Highly placed sources feared the Israelis might try to knock out the Egyptian army before the Czech arms can be brought into service.

Rails To Seek 7% Increase In Freight Rates

CHICAGO (P)—The nation's railroads announced Friday they will seek an immediate 7 per cent increase in freight rates and charges to effect increases in rail wages.

The announcement followed a meeting in Chicago of all the railroads' chief traffic officers.

The brief statement said: "The 7 per cent increase is the minimum necessary to offset the cost of recent railroad wage and material price increases, which amount to more than half a billion dollars."

Through a spokesman, the rail officials said the roads will petition the Interstate Commerce Commission for the increase. He had no details on when the petition would be submitted or how the rate increases would be applied.

A presidential fact-finding committee report recommending wage increases and health benefits for 750,000 nonoperating rail employees currently hinges on railroad and union acceptance.

Under the recommendations most of the non-operating employees would get a 14½ cent an hour wage increase plus 2 cents an hour toward health and welfare. Many operating workers unions already have won increases.

REPORT OAKLAND MAN ADMITS CAUSING FIRE DEATHS OF TWO

OAKLAND, Calif. (P)—An Oakland mechanic was reported Friday to have admitted responsibility for a gasoline fire which fatally burned a man and a woman in her apartment early Thursday.

Held for investigation of murder was Gerald Cornwell, 33, who, according to Police Lt. Hubert Murray, said he poured gasoline around the woman's Oakland apartment, intending to touch it off with a match.

Murray said Cornwell told investigators the gasoline fumes ignited, possibly from the pilot light of a floor furnace, before he could set the place afire himself.

Fatally burned were Mrs. Alice Franklin, 35, and Robert L. Hand, 27, recently discharged from the Air Force. Hand was from Upper Nyack, N. Y.

Police Capt. Anthony J. Bolger said Cornwell had been living with the woman until Oct. 5.

Police said Mrs. Franklin and Hand were asleep when the gasoline ignited.

STATE TRAFFIC DEATHS UP FIVE PER CENT—SPRINGFIELD, Ill. (P)—Traffic accidents on Illinois highways caused 1,942 deaths during the first 11 months this year, the State Highway Division reported Friday. This was 5 per cent higher than last year's period.

November traffic fatalities totaled 223, an increase of 11 per cent over the same month a year ago.

Kefauver Tells Plan To Buck Stevenson In California Primary

WASHINGTON (P)—Lanky Sen. Estes Kefauver of Tennessee got into the Democratic presidential nomination race Friday with the announced intention of combating Adlai E. Stevenson in one state primary — and probably several.

Stevenson welcomed Kefauver's entry into the race, saying: "Come on in. The water's fine."

The 52-year-old Tennessee senator, making his announcement at a crowded news conference, said he has assurances from party leaders that "I will have a fair shake for the nomination."

Kefauver said he will enter the June 5 California primary. Stevenson, first to enter the nomination race this year, has the backing of most California party organization leaders.

In Los Angeles, Chairman Tom Carrell of the Kefauver for President Clubs of California, predicted the senator again would win control of the California delegation as he did in 1952.

Kefauver, who led on two convention ballots three years ago only to see the nomination go to Stevenson, said he will campaign vigorously.

Stevenson issued his "come on in" comment in Chicago. Kefauver said that time and money—he remarked that he didn't have too much of either to spare—would determine what primaries in addition to California he might enter.

In this connection, he said he will decide "very soon" whether to contest Stevenson in the May 29 Florida primary. At Miami, Frank Katzentine, a Kefauver backer, said the senator would be entered.

Kefauver said he was getting "rank-and-file" requests to run in the March 20 Minnesota balloting, where Stevenson has the backing of the Democratic-Farmer-Labor party organization.

There was an indication that Kefauver might try again in the March 13 New Hampshire primary, where he defeated a slate pledged to former President Truman in 1952.

Kefauver said his associates there "are getting their snow shoes out because they know how much I like New Hampshire." Francis A. Dostilio said at Keene, N.H., he stood ready to enter Kefauver.

The senator said he couldn't lay down "any categorical rule" as to whether he would enter contests in states where "favorite sons" are running.

He said he had made no decision about the May 8 Ohio primary where Gov. Frank Lausche is seeking favorite son designation.

Bricker Of Ohio To Run As Favorite Son Candidate

WASHINGTON (P)—Sen. Bricker (R-Ohio) said Friday he will run as a "favorite son" candidate in the May 8 Ohio primary with the hope that President Eisenhower will seek a second term.

Bricker supported the late Sen. Robert A. Taft in a losing battle with Eisenhower in the 1952 convention.

Bricker's action was interpreted as intended to give Eisenhower additional time to make up his mind whether he will seek a second term. Under Ohio law delegate states must be filed before Feb. 8.

The consent of the candidate is required for the filing of a state pledged to him.

Drive To Cut Absenteeism Will Cost Sec. Weeks \$66

WASHINGTON (P)—For the next event, which they regarded as important, they would buy the coffee for everybody.

To their astonishment the contest ended Friday with the scoreboard full of zeros. Nobody had turned up missing, and White and Bushery faced a bill for \$66—one coffee a day for 10 working days at 10 cents a cup for each of 66 employees.

But Secretary Weeks, amused by the contest, strolled down Friday to see how it ended. Peering at the scoreboard, he chuckled: "Never heard of a contest with six winners in a dead heat. The drinks are on me."

For the next two weeks, the printers will be charging their coffee to the big boss.

That's the only catch. If absenteeism suddenly rises next week, Weeks will know all about it just by checking the amount of his bill for their coffee.

Cites Egypt's Warning

UNITED NATIONS, N. Y. (AP) — Syria demanded Friday that Israel be thrown out of the United Nations.

Syrian Delegate Ahmed Shukairy also urged the U. N. Security Council to use economic penalties in punishing Israel for an attack on Syria last Sunday northeast of the Sea of Galilee.

He cited Egyptian Premier Gamal Abdel Nasser's warning to the U. N. Thursday night that Egypt considered that attack an attack of her too and would meet force with force. Shukairy said the issue was "war or no war."

Israeli Ambassador Abba Eban replied to Nasser's threat that "if Israel is attacked, it will defend itself with every ounce of its strength." He warned all Arab countries: "Leave us alone."

The 11-nation council was meeting to consider Syria's complaint on the attack. The complaint said the land-sea-air operation resulted in the capture of four Syrian observation posts and the deaths of 49 Syrians.

Even before hearing from Syria and Israel, 10 of the council members deplored the attack on the basis of preliminary information. They were Turkey, the United States, Britain, the Soviet Union, France, Iran, Nationalist China, Peru, Belgium and New Zealand.

Eban, who represents Israel both here and in Washington, said the Israeli army made the attack to silence Syrian guns that otherwise would have kept Israeli fishing boats off a body of water that belonged to Israel.

Council members generally said they wanted to wait for a complete report on the incident from Canadian Maj. Gen. Edson L. M. Burns, chief U. N. truce supervisor in Palestine, before doing anything.

U. N. Secretary General Dag Hammarskjöld said he expected one next week. The council broke off the discussion after two hours with the intention of resuming it then.

Shukairy charged that Israel had made a treacherous aggression "of unspeakable brutality" in violation of the U. N. Charter, the 1949 Israeli-Syrian armistice agreement and international decency.

He quoted a provision of the charter saying that any member consistently violating its principles might be expelled from the U. N. by the General Assembly on the Security Council's recommendation.

The charter says that, in case of aggression, the council may call upon U. N. member countries to interrupt economic relations, and even diplomatic ties and communications, with the aggressor nation.

TIME TO CLOSE RANKS

There could be no better time than this for the West to make a renewed show of solidarity. That's why it is heartening to learn that Prime Minister Sir Anthony Eden and Foreign Secretary Harold Macmillan will come to America in January to confer with President Eisenhower.

The fall Geneva conference and the subsequent actions and utterances of Russian leaders make it plain that the Cold War is being prosecuted with new purpose by the Kremlin.

At Geneva the West stood together against any concessions that would have turned the meeting into a Soviet triumph. But they scored no major victory for themselves; they merely held the line.

This is not enough for the combat in which we are now engaged. The Russians are brandishing economic and political weapons wherever there is the faintest sign they may make bloodless new conquests.

When the United States and its friends were alarmed by the Communist military aggressions of a few years back, they rose to the challenge magnificently. Today the challenge takes a different form, but it is just as real and must be met just as vigorously.

If we are to keep the rest of Asia and Africa out of Red hands, we must devise a fresh, imaginative political and economic strategy for the task. Right now the only thing that is saving us is the stupidity and the rigidity of the Russians.

No doubt many Americans are weary of digging into pocket for money to be sent beyond our shores. But if we do not assist in the steady uplift of the backward lands of Asia and Africa, then all the evidence indicates the Russians will. In fact they are already outdoing us in some critical spots.

But money aid isn't all the people of those countries want. They seek understanding and sympathy for their problems. With shocking frequency our statesmen manage to say or do things which suggest we are not on their side or at least do not understand them.

The Asians and Africans for the most part have resisted the Soviet embrace, even while accepting help from the Reds. But will they always do so if we do not act more forcefully and convincingly to demonstrate the worth of our free system?

Sir Anthony will be making his first visit to the United States as prime minister. He could do no better than to make this general problem the keystone item of his discussions with the President.

The World Today

WASHINGTON (AP) — When the United Nations diplomats get something done it is called statesmanship. But if labor unions and management took as long to agree on a contract, or did as many flip-flops, they'd be out of business.

When the U.N. Wednesday admitted 16 new members it climaxed a whole series of somersaults—going back for years—by the U.N. membership in general and the United States and Russia in particular. No one looked very pretty in this one.

Take the case of Spain. Since 1946 the U.N. had approved a series of resolutions to keep Spain out. In 1948 the United States suggested the Spanish people ought to get rid of their dictator, Francisco Franco.

Russia was just as opposed to U.N. membership for Spain. But time passed. The cold war began. And the United States wanted military bases in Spain as outposts against Russian attack. Spain agreed.

Russia, anxious to get some of her satellites into the U.N., knew she couldn't if she tried to block Spain, which now had U.S. support. The result: Wednesday Spain was admitted overwhelmingly, with the United States and Russia voting for her.

Take the case of Outer Mongolia, which declared itself a republic in 1945 and was recognized the same year by Nationalist China. In 1946 the United States and Nationalist China both backed Outer Mongolia for U.N. membership.

But in 1947 Mongolian and Nationalist Chinese troops were fighting and Nationalist China, an ally of this country, changed its mind. And so did the United States. Time passed.

This fall the U.N. members—in order finally to get in some of the nations which had been crying for membership in the U.N. for years—worked out a deal: 18 new members would be admitted; five of them, including Outer Mongolia, would be Soviet satellites; the other 13 would be nonsatellites.

Russia warned that if her satellites were vetoed—a veto could keep out an applicant for membership—she'd veto the 13 nonsatellites. The United States didn't want Outer Mongolia. In this country was under pressure by the other U.N. members not to wreck this deal. It agreed not to use the veto.

The United States also urged Nationalist China not to use the veto. But the Chinese paid no attention and vetoed membership for Outer Mongolia. This got practically everybody sore in the U.N., including Russia, which keeps its threat

to veto the 13 nonsatellite countries.

This was Tuesday and things were in a fix. The United States and Russia were blaming each other for blowing up the whole plan. Then Russia proposed a compromise: it would let Outer Mongolia stay vetoed but in turn would veto membership for Japan and then all the others—a total of 16 nations now—could be admitted. And that's just what happened.

In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—Loretta Young will have a special joy this Christmas. She'll return to her TV show Christmas night.

The actress was stricken April 10 with peritonitis. For months she was hospitalized, and Hollywood was concerned for her life. Now she has completed the long road back to health and is once again making films for her popular Sunday night show. But there's a difference.

"This time I'm appearing only every other week," she reported in her dressing room on the Goldwyn lot.

But she denied that the stiff filming schedule of her previous two years caused her illness. Her weight dwindled to around 90 pounds during the illness. Now she's up to a healthy 117 and is mighty proud of herself.

"I never thought I could do it," she said. "Why, I never weighed that much in my life. I always averaged around 110 pounds."

How did she accomplish her weight gain? By hourly malted milks and other "forced feedings." And by giving up cigarettes.

"That was the hardest thing of all," she remarked. "I've always loved to smoke, and I had to ask God for the willpower to give it up. Someone remarked that my illness had been providential, and I'm inclined to agree. If it hadn't happened, I never would have given up smoking, and I never would have stopped working so hard."

POPULATION PREDICTIONS

NEW YORK (AP)—Dun and Bradstreet estimated Thursday there will be 21 per cent more people west of the Mississippi a decade hence and 15 per cent more in the eastern half of the nation. It said California probably will pass New York's population growing from 12,600,000 to 17,800,000, compared to the Empire State's increase from 15,460,000 to 17,500,000.

Illinois and Texas should join California, Pennsylvania and New York in the over-10-million column, by 1965, the financial statisticians said. The population by 1965 should reach 190 million and by 1975 is expected to grow to 221 million.

NEW YORK (AP)—How effective is the military air camera today? Could you really detect a military buildup in another country through photo reconnaissance?

These questions have been raised by President Eisenhower's proposals at Geneva for the exchange of military blueprints and aerial inspection as "the gateway to a reduction in disarmaments."

Many government figures are hopeful the Russians will in time agree to the proposals.

The President's "open skies for peace" plan is strikingly dramatized in an exhibit of aerial photography now on display in the Carnegie International Center here.

It shows concretely how effective the camera has become as an eyewitness from the air. The exhibit, planned by a U.S. government interdepartmental committee, has impressed many U.N. delegates and other visitors.

Just what can photo reconnaissance do? The most impressive single display is a single strip of film 200 feet long and 9 inches wide. The strip maps an area of the United States 2,700 miles long and 490 miles wide from New York to Los Angeles.

The strip was filmed in 1948 from 40,000 feet up in less than four hours.

To the untrained spectator such a film reveals little. All he can pick out are mountains, cities, lakes, rivers and some roads.

But when sections of the film are enlarged and checked by trained photo interpretation experts with special instruments and new techniques, they reveal a very great deal.

Just how much?

"Suppose I lived in a house in that city," I said, pointing at the film. "What could you tell about it—from 40,000 feet up?"

"Many things," replied Lt. Col. Ralph Steakley, a photo recon staff officer and veteran flier. "We could tell pretty accurately the height of your house, what it was constructed of, and the relative age of your community."

"We could make a good guess on your own economic status. We could tell whether you used a rotary-type lawn mower to cut your grass, whether you had a telephone and an underground septic tank—and probably even describe the clothes hanging on the line in your back yard."

"What if I had three tanks around the house camouflaged by covering them with old tree branches?" I asked.

"We could spot them with camouflage film," he said. "The live green grass would show up red on the film. The dead tree branches would show up a dull gray-green, and they'd be easy to spot."

Isn't there any way to fool the aerial camera?

"You sometimes can fool a lens—that's true," acknowledged Col. Steakley. "But it isn't easy to fool a good photo interpretation expert."

"On a large scale, it would be very hard to do. You might be able to hide a small building. Sure. But not a whole complex of buildings, or a really big buildup of troops and installations."

An example of the speed of the aerial camera: A jet plane flying 500 miles an hour at low level was able to photograph and identify the cards in a poker hand laid out on an airport runway.

How long would it take to photograph all of Russia from the air?

"Ambassador Lodge said the job could be done in less than six months," answered the officer. "All I can say is the Air Force stands ready and capable of carrying out any agreement that is reached."

"This time I'm appearing only every other week," she reported in her dressing room on the Goldwyn lot.

But she denied that the stiff filming schedule of her previous two years caused her illness. Her weight dwindled to around 90 pounds during the illness. Now she's up to a healthy 117 and is mighty proud of herself.

NEW DRUGS MAKE POLYPS SURGERY IN NOSE AND THROAT LESS NECESSARY

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

Growth known as polyps from the mucous surfaces of the breathing passageways, particularly the nose and throat are extremely troublesome to many people. Recently, one correspondent asked about polyps in the nose and another about polyps in the vocal cords, and the latter says that they have been removed but have grown back.

These growths are not cancers but often block the breathing passageways to some extent or interfere with the voice or other functions. Treatment in the past was almost always to remove them by surgery.

Although this could usually be done with considerable ease, polyps often grew back.

Operating may still be necessary in some cases, but in others it has been found that cortisone or ACTH are drugs which may shrink such polyps to a point where they are no longer troublesome. Furthermore, many polyps appear to be closely related to allergy and the identification of the substance or substances to which the person is sensitive and appropriate management of the allergy may also be so useful that surgery may never be needed.

Q—I certainly agree with what you have said regarding the early separation of a monozygotic child from the parents but I have a special problem. My mother, now approaching her 86th year, insists on keeping my monozygotic brother now 41 years old at home with her. I am faced with a serious problem should my mother become ill or pass away. I could not bring my monozygotic brother into my home and wonder what could be done under these circumstances bearing in mind that I could not afford to place him in a private institution?—S.

A—It does indeed seem wise to face this problem before it actually occurs. I should suggest that you consult someone in the social service field, either directly, or through your own doctor, on what could be done for your brother if your mother becomes no longer able to care for him.

Q—For the past year I have been troubled with a burning sensation on the tip of my tongue, regardless of what I eat. What possibilities must I consider?—Mrs. W.

A—A burning sensation of the tongue may be present without any apparent cause and sometimes, in fact, it is most difficult to find what is responsible. Irritation is a possibility; rough or uncleaned teeth or dental plates may produce irritation at the tip of the tongue. The tongue may have been irritated by smoking or some food or drink. A slight infection may be present which is not sufficient to have brought other symptoms as well. To some extent the tongue mirrors the condition of the digestive tract and it is therefore possible that some digestive disturbance is involved. Vitamin deficiencies are also a possibility as are some other less frequent ailments. All in all this is a most difficult symptom to diagnose and treat.

Manners Make Friends

"She's real nice to grownups, but she isn't nice at all to kids." That description of a woman by one of her young neighbors points up a fundamental rule of good manners. You don't have them if you just use them on special occasions or for those you are trying to impress.

Four Stark Questions for American Voter to Decide

BY PETER EDSON
NEA Washington Correspondent

Washington (NEA)—Signs are multiplying that President Eisenhower will be persuaded to run for a second term.

This is forcing millions of American voters to make one of those "agonizing reappraisals."

Fact Number One they have to face is the record of what happened in 1944.

The Democrats had built up the indispensability of President Roosevelt. He was elected for a fourth term even though he was obviously a sick man all through his last year in office. He died five months later.

Knowing that President Eisenhower had had a heart attack, there will be a calculated risk that he might suffer a relapse. He might become unable to carry on his job.

Are the voters willing to assume responsibility for that?

Or put the question another way: Knowing the President's age and physical condition, would the American people be willing to condemn him to an unnaturally early breakdown by asking him to assume the heavy White House responsibilities for another four years?

Fact Number Two is that President Eisenhower is not likely to cast aside his vice president, Richard M. Nixon.

What this means is that if the President is not able to run for a second term—or if he is not able to complete a second term—Nixon is his logical successor.

A runaway Republican National Convention might upset this choice. But an open Eisenhower endorsement of Nixon would make his rejection unlikely.

As vice president, Nixon has given complete support to the Eisenhower policies. But there is country. And there is no reason some doubt that if Nixon should succeed to the presidency, the in the open and freely debated Eisenhower program of moderate now.

progressivism would be continued. As one California GOP leader puts it, tongue in cheek: "The people who support Nixon believe in repealing the income tax and withdrawing from the United Nations."

The question for the voters, therefore, is whether they want a retreat from the Eisenhower program.

Fact Number Three is that there is still a sizable element in the Republican party which does not approve of Eisenhower's internationalism and limited progressivism.

This GOP Old Guard would prefer to see Eisenhower succeeded by a more conservative president. Much of the support for an Eisenhower-Nixon—or preferably an Eisenhower-Knowland ticket—comes from this group.

The question for the voters is whether they want to see a further swing to the right.

Fact Number Four is that there is a concerted effort being made to lighten the President's work load. Such a reform has, of course, been long overdue. Coming at this particular time, however, it has the added implication of making it easier for a semi-invalid to carry on the job without strain.

Some of the people who think Eisenhower goes too far towards liberalism would probably like to see this happen.

They'd be perfectly willing to have an inactive President in the White House as an idealistic symbol, with a more conservative Cabinet actually running the government.

The question for the voters is whether they want a part-time President continued in office. These are four stark and perhaps inconsiderate questions to raise. But they are being freely discussed in Washington and probably every other crossroad in the Eisenhower policies. And there is no reason why they shouldn't be brought out to the presidency, in the open and freely debated Eisenhower program of moderate now.

Frozen Plum Pudding Offers Yuletide Novelty

BY GAYNOR MADDOX
NEA Food and Markets Editor

We went to a gala dinner recently where frozen plum pudding was the festive dessert. Because it would be a perfect close for the Christmas dinner, we asked our hosts, The American Spice Trade Association, for the recipe.

Frozen Plum Pudding
(Yield: 12 to 15 servings)

One cup sugar, 1 teaspoon salt, 1 teaspoon ground cardamom seed, 2 eggs, beaten, 2 cups milk, 2 cups heavy cream, 1 cup diced glazed cherries, 1 cup diced citron, 1 cup sherry wine or nonalcoholic sherry flavoring, 1 cup macaroon crumbs, 1 cup chopped blanched almonds, 1 cup heavy cream, whipped, 1 tablespoon sugar, 1 drop green or red vegetable coloring.

Combine first 3 ingredients. Add eggs, stir, milk. Cook over low heat until the mixture coats a metal spoon, stirring constantly. Cool. Stir in cream. Pour into a crinkled-type ice cream freezer. Freeze until about half frozen, using 8 parts of ice to 1 part of coarse ice cream salt. In the meantime, soak cherries and citron in the sherry wine or sherry flavoring. Open the freezer and add fruit mixture, macaroon crumbs and almonds. Freeze until firm and hard. Pack in a 6-cup pudding or gelatin mold. Cover. Place in freezer compartment of the refrigerator. Let stand overnight or about 12 hours. Remove from mold by running a gratula between the mold in a deep pan containing enough boiling water to cover the depth of the mold. Quickly turn out pudding on a serving plate. Return to freezer for an hour or more. Then frost with whipped cream sweetened with the 1 tablespoon sugar. Color remaining cream with green or red vegetable coloring. Put in a decorator's tube and decorate pudding as desired. Return to freezer until ready to serve.

CHRISTMAS DINNER: Fruit cup, roast turkey, oyster stuffing, giblet gravy, whipped sweet potatoes and turnips, white onions, green beans, rolls, butter or margarine, celery and radishes, frozen plum pudding, coffee, tea, milk, mints.

Don't Think It's Kind to Ignore Husband's Rudeness

The wife who takes her husband's rudeness to her or to others without protest isn't doing her husband any favor.

A wife who is embarrassed because her husband makes a habit of reading when they have guests wants to know what to do about it.

She ought to put a stop to it. Instead of letting his rudeness make her ashamed, she should speak up and tell him how rude his behavior really is.

If a husband knows his wife's incessant chatter makes her a bore to others, he ought to tell her that she talks too much.

If a wife feels that her husband is losing friends because he is neglectful of small courtesies, she ought to remind him of their importance.

If either a husband or wife is rude to the other, the victim ought to refuse to put up with it for the sake of the partner as much as for his own self-respect.

The idea that love sees no flaws is not only silly, it can keep a husband and wife from helping each other to grow and to develop more pleasing personalities.

Marriage partners who never dare to criticize each other are missing a wonderful opportunity to learn. For in any marriage there are things a husband can and should teach his wife and things a wife can and should teach her husband.

Tuberculosis Still Major Challenge: 100,000 New Cases Expected In '56

By ALTON L. BLAKESLEE
AP Science Reporter

NEW YORK (AP)—Health leaders are warning against the "false assumption" that TB is on the way out.

Its sabre-edge as a killer has been blunted, thanks to new drugs and surgery. The death rate from tuberculosis is way down.

But TB still is causing nearly as much new sickness each year as ever—with 100,000 new cases expected in 1956. There is still expensive illness, family tragedies and disruption of homes.

The death rate from TB in the United States has been cut 57 per cent in the past five years, reports the National Tuberculosis Association. But it is still killing 17,000 Americans a year, and still ranks as the first cause of death among infectious diseases.

Last year, 100,000 persons fell

victim to tuberculosis, with 80,000 being new cases. The rest were inactivated cases not reported before. The same amount of new sickness is expected this year, said the NTA.

The declining death rate is one reason for the public impression that TB is no longer serious, said Dr. Robert E. Plunkett, head of the New York State Health Department's Division of Tuberculosis Control.

"One of the curses which has resulted from the decline in the death rate has been the false assumption on the part of too many lay people, physicians and, I regret to say, health officers, that tuberculosis is on its way out and is of slight significance as a public health problem."

TB leaders say the closing of some TB sanatoriums also created optimistic impressions.

But those which closed were mainly rest-home types of sanatoriums which have been giving way "to the well-equipped hospitals with its various services and laboratory facilities," said Dr. James E. Perkins, managing director of the NTA.

The national organization estimates that 1,200,000 Americans now have TB, including 400,000 active cases and 800,000 with inactive TB. Of active cases, about 150,000 are cases not yet reported to public health authorities. Many of these are persons who are not yet aware that they are sick.

"But unless their disease is discovered and treatment is provided, they may lose their own health and give their disease to others," Dr. Perkins said.

Finding the unknown cases, and finding ways to prevent the chain of infection, are still major challenges.

San Marino, Calif., Is Really Swank But It Has One Drawback—Smog

SAN MARINO, Calif. (AP)—This wealthy, conservative Los Angeles suburb, home of executives whose annual take home pay averages \$16,762, is possibly the most exclusive town in these United States.

The residential community of 13,000 has successfully kept out movie theaters, mortuaries, second-hand stores and bars.

Exclusion of bars does not mean that San Marino is dry. Fourteen San Marino liquor stores sell \$600,000 worth of bottled goods yearly to replenish the bars which are

said to be in 90 per cent of the San Marino homes.

But a tavern, the head of the PTA Council argued recently, "would encourage passersby to stop, and we're not interested in the riff raff that goes through town."

Indeed, it wasn't until 26 years after the city was incorporated that a church could gain admission. The town has five now.

Someone said the town—which covers 3 1/2 square miles—even tried to exclude Democrats. But

they now number one to every eight Republicans.

Police Chief Robert Seares says there hasn't been one armed robbery since he became chief 14 months ago. Officers, there are two for every 1,000 population, ride heavy patrol. They also guard school crossings.

This swank city even has its more exclusive and less exclusive sections. The one business street, Huntington Drive, bisects the town. The hills to the north are called the "Gold Coast" section, where the biggest homes are located.

Residences south of Huntington may have as few as one to three servants.

San Marino is proud of its culture. It is the home of famed Huntington Library and Art Gallery, with a Gutenberg Bible and Gainsborough's "Blue Boy" among its treasures.

Now to meet some San Marimans: Thomas Pike, assistant secretary of defense; Herbert Hoover Jr., assistant secretary of state; Reese Taylor, president of Union Oil Co.; Dr. Robert Hutchins of the Ford Foundation; Harold C. McClellan, assistant secretary of commerce, and Preston Hotchkiss, until recently with the United Nations.

The biggest news story ever to come out of San Marino was the tragic and heroic attempt to rescue Kathy Fiscus in April 1949. Kathy, 3, fell into an abandoned well shaft about 100 feet down. Her body was recovered after three days by grimy volunteer crews.

This plush residential city was founded by railroad magnate Henry E. Huntington and George Patton, father of the late Gen. George Patton of World War II.

If you have the money and would like to move here, you'd better hurry. Only 190 vacant lots are left.

There's one drawback you should know about, however. The town is in the heart of the Los Angeles area's smog belt. Besides being one of the richest, it has the distinction of being perhaps the smoggiest town anywhere.

Woodson Couple Wed 58 Years Next Week

Mr. and Mrs. John H. Smith of Woodson will quietly observe their 58th wedding anniversary Monday, Dec. 19. Because of their health it was deemed advisable not to hold open house, but a card shower has been planned.

John H. Smith and Laura J. Kelley were united in marriage Dec. 19, 1897. They made their home on a farm south of Nortonville until 20 years ago when they moved to Woodson.

Mr. Smith is 81 years old; Mrs. Smith is 78. He is the son of Mr. and Mrs. John Y. Smith, and she is the daughter of Mr. and Mrs. William Kelley.

They are the parents of three children, Mrs. Eola Smith Hicks of Woodson, and twin sons, Clyde Smith, East St. Louis and Claude Smith, Des Plaines, Ill.

Their three grandchildren are Mrs. Viola Smith Hayhurst, Belleville, Ill.; Russell Guy Hicks, Woodson; and David Henry Smith, White Hall, now in Navy service. Mr. and Mrs. Smith have four great grandchildren, Kay and Donnie Hayhurst, Belleville, and Bobby and Steven Hicks, Woodson.

Farm North Of Waverly Brings \$517.50 Acre

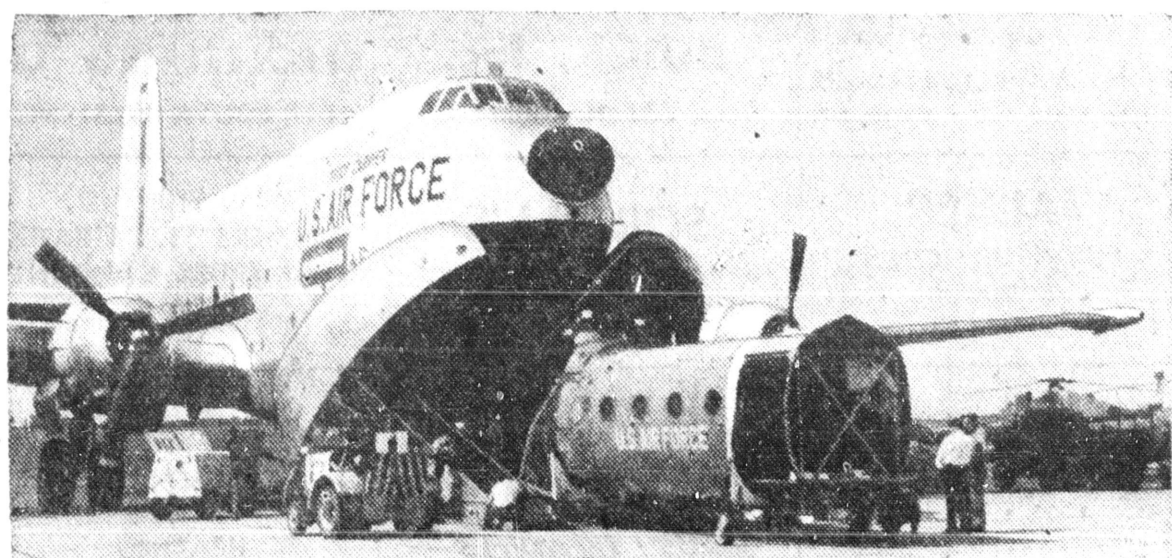

The 120 acre improved Mitchell farm located between New Berlin and Waverly was sold at public auction Thursday at the Sangamon County Court House to J. Frederick Schram of near Waverly on his bid of \$517.50 per acre or a total of \$62,100.

Mr. Schram owns other farm land in the same community. The farm sold Thursday is improved with a one story, even room house. The farm buildings consist of double corn crib, summer kitchen, smoke house, barn, garage, machine shed, hen house and two never failing wells.

The farm was owned by Roy E. Mitchell, Ula Bever, Fred J. Mitchell, Merrill R. Mitchell, Stella M. Mitchell.

Like J. Gaulle was the auctioneer and the attorneys were P. W. Wemple of Waverly and Barber and Barber of Springfield.

The first American warship constructed of iron to use steam was the MICHIGAN built in 1842.

TAKING ON HALF A HELICOPTER—A helicopter that can be dismantled is being tested by the Air Force as a means of quickly bringing troops to combat areas. It's the Piasecki H-21 tandem-rotor helicopter, which carries 20 men. The craft would be dismantled, flown to the land base nearest the combat area, and then reassembled. It would then fly the troops to out-of-the-way areas. The forward half of the H-21 is shown above being loaded onto a C-124 Globemaster at Sewart Air Force Base, Tenn. It is the first large helicopter to be portable.

Colin Kelly III, Son Of War Hero, Now Eagle Scout

CONCORDVILLE, Pa. (AP)—A tall, red-haired 15-year-old boy with a ready grin accepted his own hour of tribute Thursday night with a becoming shyness that would have warmed his father's heart.

Colin P. Kelly III, son of the United States' first hero of World War II, received his Eagle Scout award in a solemn ceremony before a group of neighbors and friends in a church hall in this tiny Philadelphia suburb.

For "Corky" Kelly it was an important event. It represented nearly four years of community and camping enterprises that totaled 21 hard-earned merit badges. Only an average of two scouts in every hundred reach this goal.

His mother and stepfather, Mr. and Mrs. J. Watson Pedlow, who have tried to shield him when ever possible from any public display, took part in the ceremony. Judge William R. Toal of Delaware County Court, himself a scout executive, presented the Medal.

"Here is a lad who has borne the mantle of a great father. Pointed out in public places since childhood, stared upon and asked a multitude of questions by the idle curious—through it all—tonight Corky Kelly has made the grade. Young Corky, through perseverance and integrity, has earned for himself the nation's highest scouting award. He has lived with a great ideal and tonight he is not found wanting."

Capt. Colin Kelly lost his life in a bombing mission in the first days after Pearl Harbor. His plane scored a direct hit on a Japanese battleship Haruna and a grateful nation made him its No. 1 hero.

President Roosevelt, in an unusual tribute, wrote a public letter to "the President of the United States in 1956" asking that the airman's 15-month-old son be given an appointment to West Point in appreciation.

At present Corky is a student, and a good one, at Westtown Friends School. He has another year there and would prefer a year in college before deciding whether to follow his father at West Point, or perhaps to enter the new Air Force Academy.

Bachelor Prince Of Monaco Begins Travel In U.S.

NEW YORK (AP)—Bachelor Prince Rainier III of Monaco arrived in the United States on a two-month visit today with word that "there's no hurry" about his finding a bride.

"I'm not actively seeking a wife," the 32-year-old ruler of the five square mile principality on the Riviera told reporters meeting him aboard the liner United States.

The Prince, about 5 feet 10, with a bronzed outdoor look, and dressed in a dark blue suit, was asked what kind of girl he had in mind for a wife. He replied smilingly:

"The best kind—she has to have many qualities because I'm a horrible character."

But his chaplain, the Rev. Francis Tucker, of Wilmington, Del., commented:

"The Prince is a good, fine boy—he's not a runabout."

A half dozen women were among reporters interviewing the Prince. One said, "you realize, of course, that Americans can't stand to see a bachelor."

"Why?" the prince asked. Then he was told his name had been linked with Grace Kelly, the movie actress.

"I just met her at Cannes, that's all," he said.

Canon Tucker, accompanying the prince, said he was assigned to his present post by the Vatican in 1950.

He said the Prince, who is on his first visit to this country, has "a great liking for Americans."

The Prince, he said, served for two months with the American 36th Infantry Division at Strasbourg, France, as liaison officer.

He said that "For a few weeks, I am going to be a simple tourist, seeing as much as I can of the great natural beauties of America and visiting your cities and industrial wonders."

Nakamura Manjiro became the first Japanese to enter the United States as a 15-year-old shipwrecked boy rescued by American sailors in 1841. After returning to Japan he became interpreter for Admiral Perry when he visited that country.

INTO THE DULL ROUTINE

There was little excitement in a shepherd's life. Long, uneventful days beneath the hot sun on a grassy hillside. Long, lonely nights, still and shadowy as the moon rode slowly among the clouds. All the monotony of a million lives today.

But into the dull routine of a shepherd's life came the vision that has captivated the imagination of man for two thousand years. An angelic voice saying, "Fear not..." A heavenly host singing, "Glory to God...and peace..." The startling proclamation of the Saviour's birth!

The message still comes with brightness and joy to all whose lot it is to labor, to endure, to wait. And the Church, preaching the Truth of the One born that night in Bethlehem, calls men from the drabness of worldly pursuits to see this Thing which has come to pass, which the Lord made known unto a band of bored shepherds centuries ago.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ex-Con Admits Running Man Down Leaving Him Dying

NORTH CHICAGO, Ill. (AP)—Police seized an ex-convict they said admitted running down a pedestrian, then taking him in his car to a deserted spot and dumping him on the cold ground to die. State's Atty. Robert C. Nelson identified the man as Frank Burley, 33, of North Chicago. Burley, he said, had served six months at the Vandavia penal farm for forgery.

Burley was held without charge, but Nelson said a warrant charge was being prepared. He said the victim, George Helmick, 66, of Waukegan, told of getting hit by a car but was unable to describe the driver. He then died.

North Chicago Police Capt. John Hladnik gave this account of Burley's arrest: Patrolman Howard A. Streid, aware that police were seeking a car with a broken headlamp, spotted such a car parked in front of a house. He went in and sought the owner, who turned out to be Burley.

Burley, brought to the police station, admitted running down Helmick about 6:30 a.m. Thursday under questioning. Police said he related that after striking the man, a passing truck driver helped him put Helmick into his car so that he could take the victim to a hospital. At a hospital, he found that lights were out, and then drove to a "lover's lane" east of the Waukegan business district where he dumped Helmick out in 3-degree cold.

Helmick was found dying about 7 a.m. by a motorist. Doctors said Helmick died of shock and exposure.

Burley is a Negro.

REALLY FROM MISSOURI

HARRISBURG, Pa. (AP)—A Missouri motorist passed through here and left evidence that he doesn't believe anything unless he is shown. An irate motorist burst into city hall in the Capitol city claiming he was unjustly given a parking ticket.

A quick check showed that the ticket has been put on the windshield of a car bearing Missouri license plates and its driver apparently took it off and put it on the other car.

Zeta Beta Chapter Votes Contribution To Dystrophy Fund

Zeta Beta chapter of Beta Sigma Phi met Dec. 12 at the Southern Aire Cafe.

The chapter voted to contribute to the muscular dystrophy fund. A Christmas basket will be presented to the needy family adopted by the chapter. The family receives gifts many times each year.

One hundred and fifty dollars, the entire profit from the recent

doll project, will be presented to the Our Saviour's Hospital building fund.

Programs were given by Marjorie Choate and Doris Wegehoff.

Members present included Louise Mills, Eileen Edlen, Marjorie Choate, Arlene Reside, Donna Ward, Margaret Murphy, Betty Mosely, Sylvia Daniel, Elizabeth Lahmeyer, Dorothy Schlesing, Jessie Colclasure and educational director Alvahlee McCarthy.

SPARTANBURG, S. C., (AP)—A city license has been issued to an eating establishment to be known as "Martin's Hen House." Already doing business in the same area is another food place, "The Rooster."

The Superb New Packard Four Hundred with 290 h.p. V-8 engine.

For 1956 Packard Creative Engineering Brings You America's Easiest-Handling,
Safest-Riding Car...with Advanced Torsion-Level Ride

THE STORY of Packard's great reception is the story of many brilliantly conceived engineering advancements.

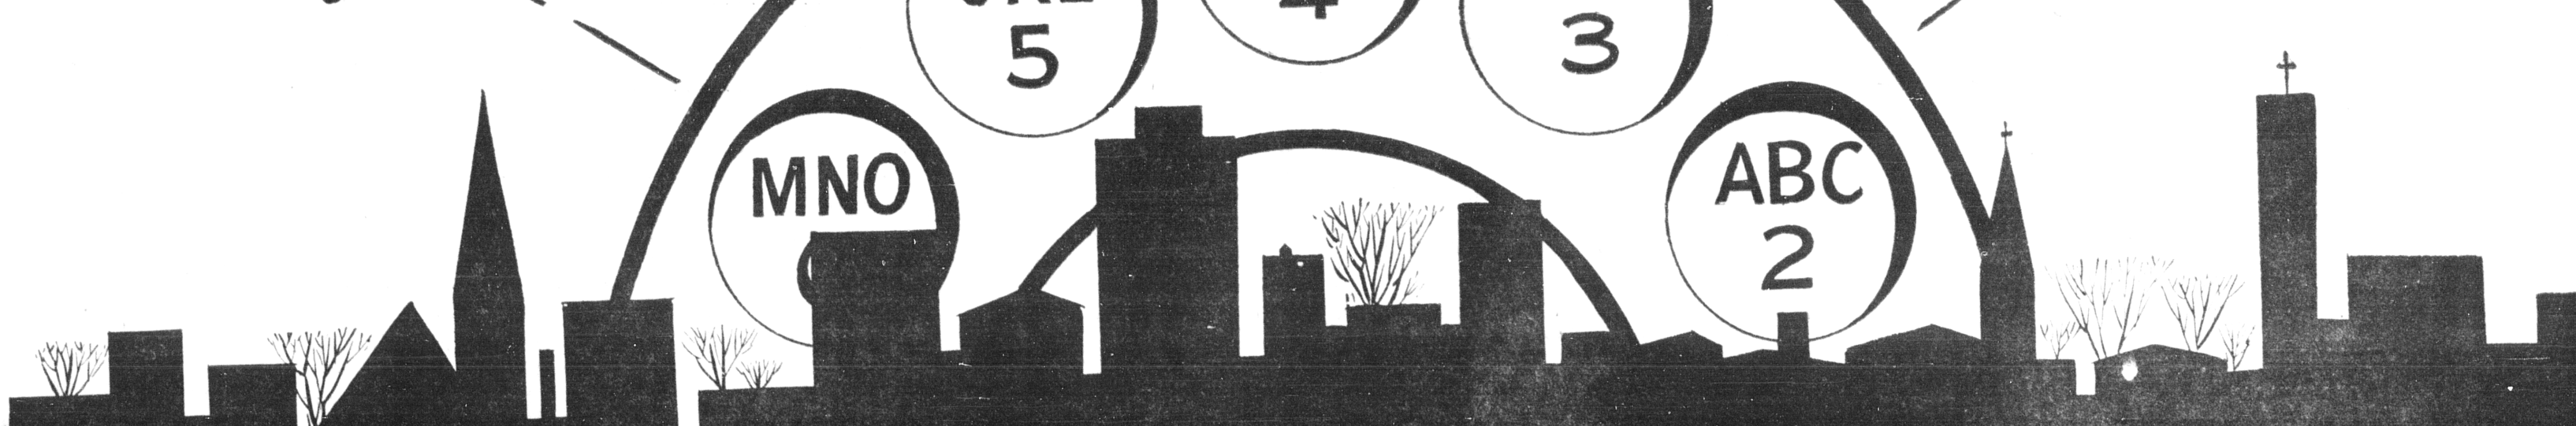

For 1956, Packard pioneered Torsion-Level Ride is refined to provide even more of the comfort, safety and handling ease your family deserves and can get in no other fine car. All load is automatically equalized for better balance. And there is a new feeling of precise control and complete relaxation. Packard's big new V-8's give you the

greatest rear-wheel driving force in any car...develop up to 310 h.p., yet use gasoline more efficiently than many smaller car engines. Moreover, you can choose a new Packard-developed rear-axle ratio that gives overdrive economy with the versatile Ultramatic, now available with Electronic Push-Button Control. Just press a button, and Packard does the rest smoothly, safely, electronically. Here is convenience you must experience to appreciate.

An Invitation. We will be glad to put a new Packard at your disposal; just visit our showrooms or call us at the telephone number shown below. When you drive one, we believe you will agree with those who call this, the greatest Packard of them all...America's easiest-handling, safest-riding car.

A new day for Jacksonville

Sunday, December 18, 1955, at 12:01 A.M., will be the moment when the final few steps will be taken to provide Jacksonville with automatic telephone service. At that time, actual conversion from the present telephone system to the new system will take place and will require about 15 minutes to complete. Therefore, we want to ask your cooperation, for that period of time, in observing these points:

1. Please do not attempt to use your telephone from 12 midnight to 12:15 A.M. on Sunday, December 18.

2. Any incoming long distance calls to Jacksonville must be held for this 15 minute period and will be completed after this time.

For the first few days after the automatic system is in operation, we'd also like to ask you to restrict your

"curiosity calls"—those calls made "just to see how it works". The new equipment is engineered to handle your calls promptly and accurately, but if many times the usual number of calls are made out of curiosity, the equipment may become overloaded and result in the delay of really necessary telephone calls.

Another reminder: Telephone company business offices will be located in the new building on the corner of Beecher street and Dunlap Court, beginning Monday, December 19.

Again the date and time of the change-over in Jacksonville's telephone system: Sunday, December 18, at 12:01 A. M. After that time, we can assure you that your telephone service will be the most efficient, modern and convenient in the world

**Christmas Vesper
Service Sunday At
Pittsfield Church**

PITTSFIELD — The annual Christmas vesper service of the First Christian church will be presented in the church auditorium at 5 p.m. Sunday, Dec. 18. Talented musicians and singers will bring the best of Christmas music. This year's Christmas vespers will be the 28th presentation by

the group of singers since the club's organization by the Rev. Russell E. Booker in 1926. The singing on Sunday will be directed by Mrs. Moody Murray. Mrs. Louis Stone will preside at the organ, assisted by Donabelle Simmons at the piano. The program will consist of anthems by the Vesper Singers and the junior choir under the direction of Mrs. Dale Willard, solos, poetry by Mrs. Charles Shaw and a violin solo by Mrs. John Hubbard.

Those assisting the choir this year will be Ray Gieckler and Edward Moyer of Barry and Norman Turnbull of Griggsville. The public is cordially invited to attend this presentation which heralds the birth of the Saviour in song and prayer.

Population Increases

Mr. and Mrs. Max Sloan are parents of a daughter born at Illini hospital Wednesday night. Mr. and Mrs. William Mayes are parents of a son born at the hospital Thursday morning. All of which adds two to the population of the city of Pittsfield.

Mr. and Mrs. Wendell Johnson are expecting their son, Ronald, who has now completed his supply training work at the Air Force base in Cheyenne, Wyo., to spend the holidays here with them while on leave before assignment.

Also expected to be home for Christmas is M-Sgt. Frank Schnepf, stationed at Ardmore Air Force Base in Oklahoma, who will spend the holidays with his parents, Mr. and Mrs. Russell Schnepf.

News of the World in Pictures

SHE'S THE QUEEN OF CATS—Cy Boh de Changrilla seems to be thoroughly aware that she's the "Queen of Felines" as she meets the press in Dortmund, Germany. She received her title at an international beauty contest, winning out over a field of 300.

A HUMANITARIAN HONOR—This bronze portrait of Dr. Albert Schweitzer has been made a permanent part of the collection of the Smithsonian Institution in Washington. Dr. Schweitzer, Nobel Peace prize winner, is 80 years old.

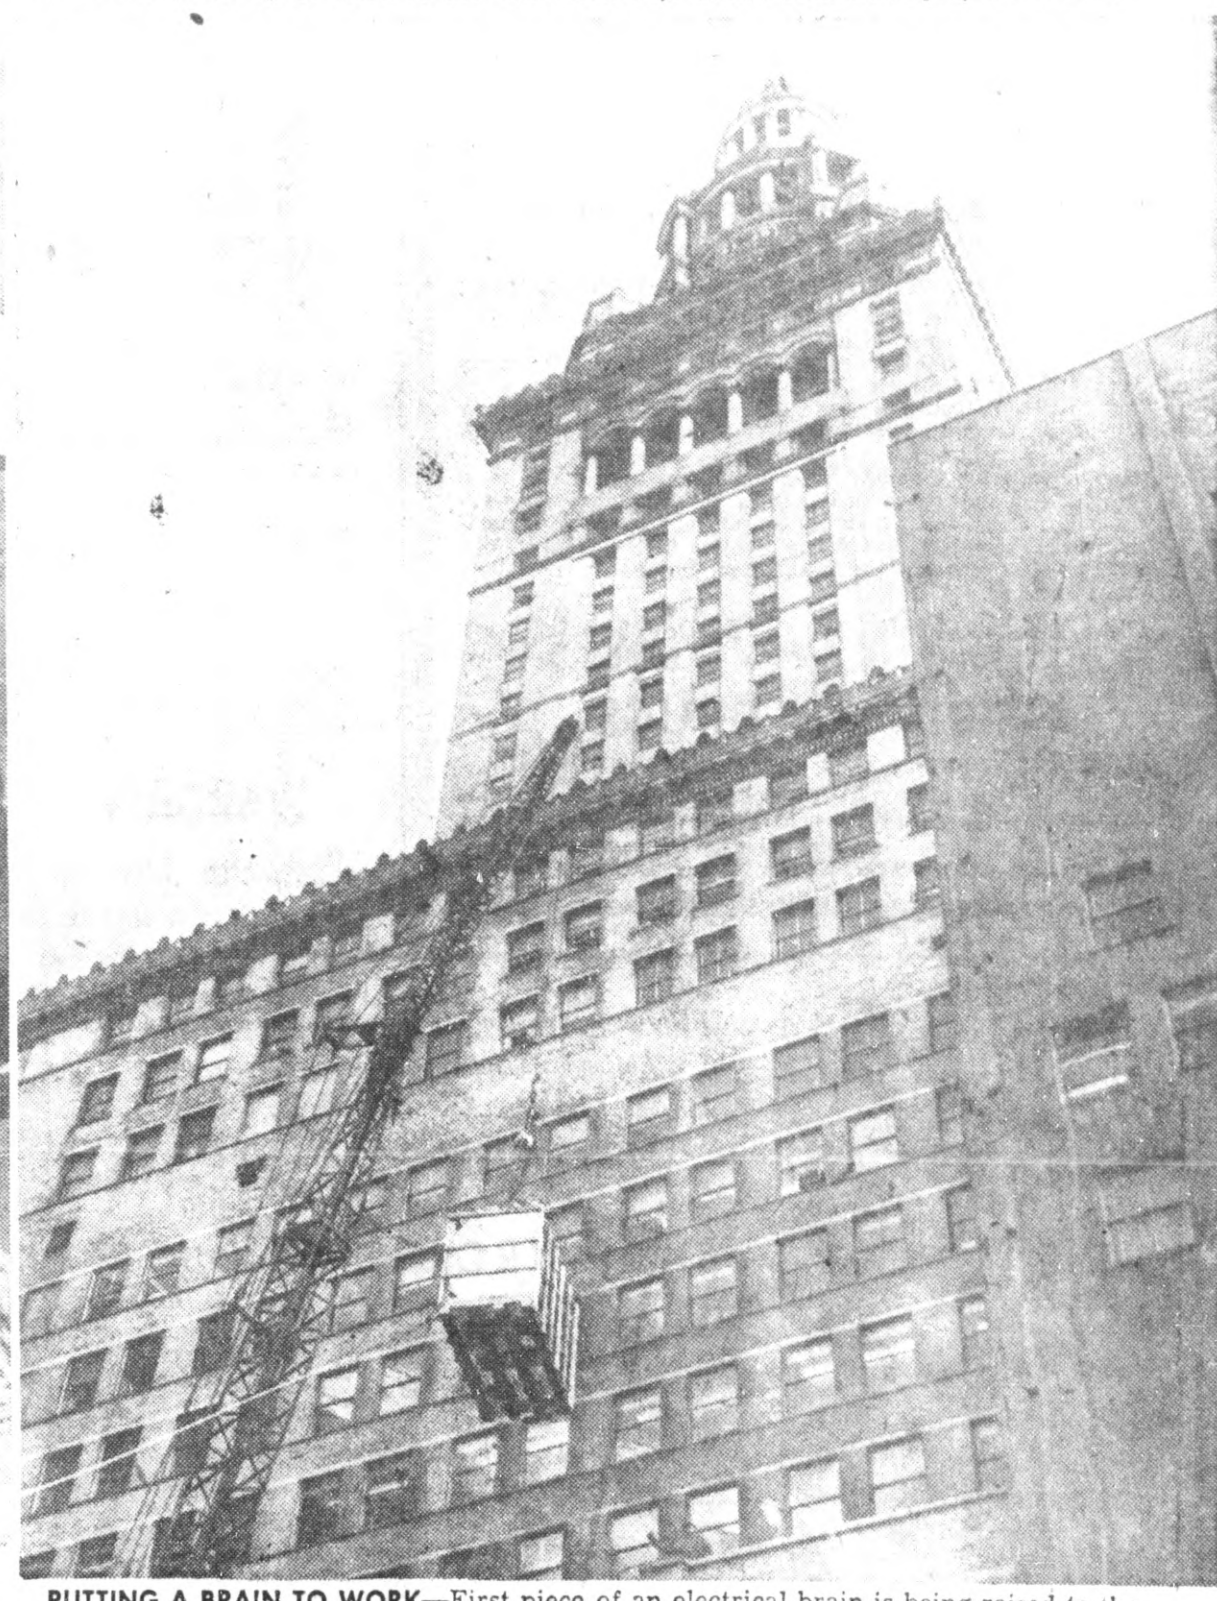

RELISH THAT RELIC—Many playful attempts have been made to "pinch" this historic 250-pound brass cannon, relic of the American revolution, at a citadel in Quebec City. The old museum piece was captured by British forces in June, 1776, at Bunker hill, and then taken by soldiers to the Canadian city. It has been on display for tourists.

CHRISTMAS IN THE DESERT—Guests at Wild Horse ranch, Tucson, Ariz., couldn't wait for starting gun in the annual Christmas tree trimming derby, so they rode out to their favorite saguaro cactus, along with a cowboy Santa, to put gifts on desert tree.

CAN'T CATCH THE COLD—Lillian Corrales (left) and Bunny Price don't worry when they see pictures of snow-bound cities further north, but just don swimming suits and plunge into a heated pool at Arizona's Valley of the Sun winter resort area. Water registers a balmy 80 degrees.

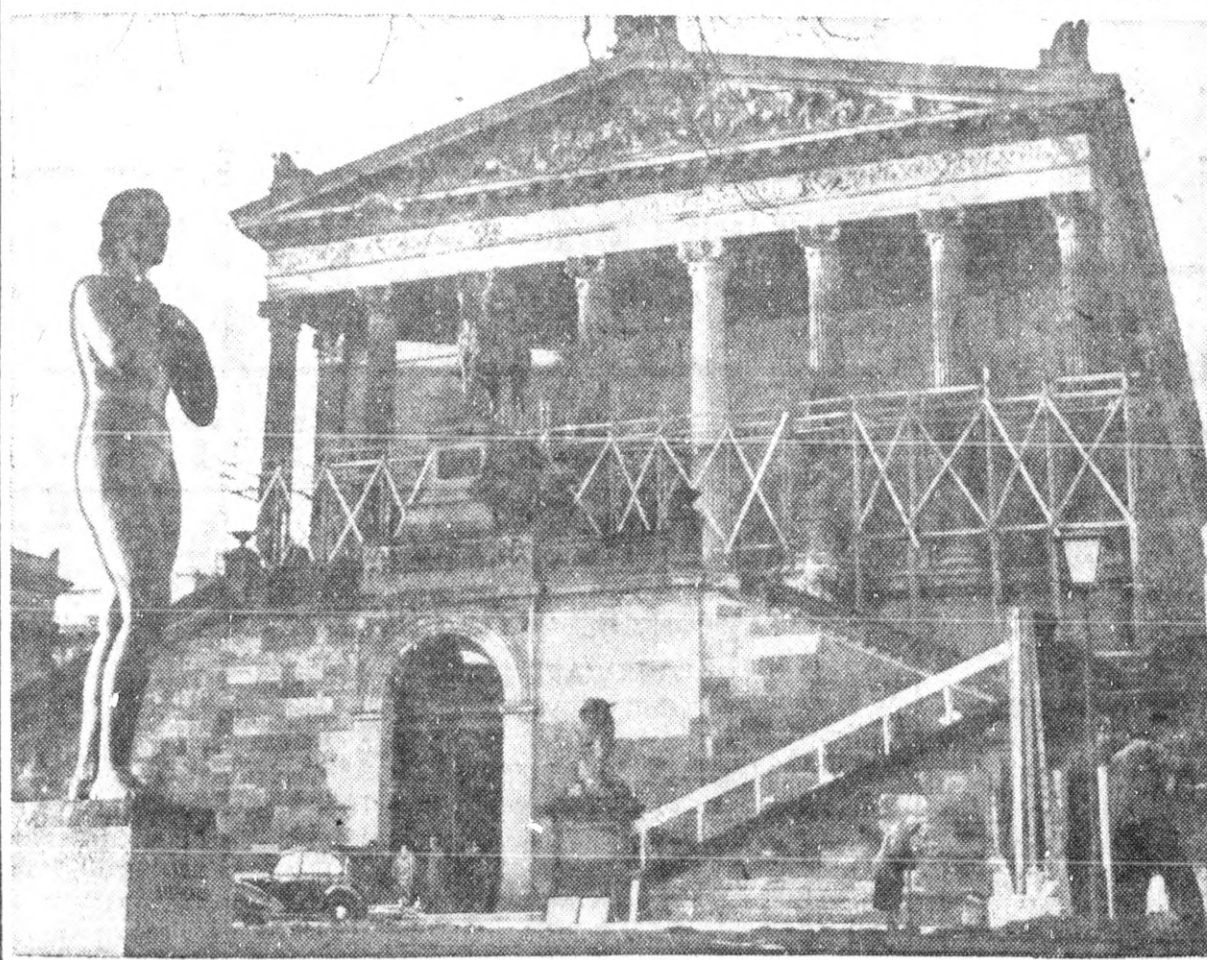

PUTTING A BRAIN TO WORK—First piece of an electrical brain is being raised to the fourth floor offices of the Chesapeake and Ohio railway in Cleveland's Terminal tower where it will simplify and speed up records and reports, which now require a billion pieces of paper annually by the company. It'll be installed in about a month.

CHANGEABLE — Evening gown actress Celeste Holm wears changes into many costumes.

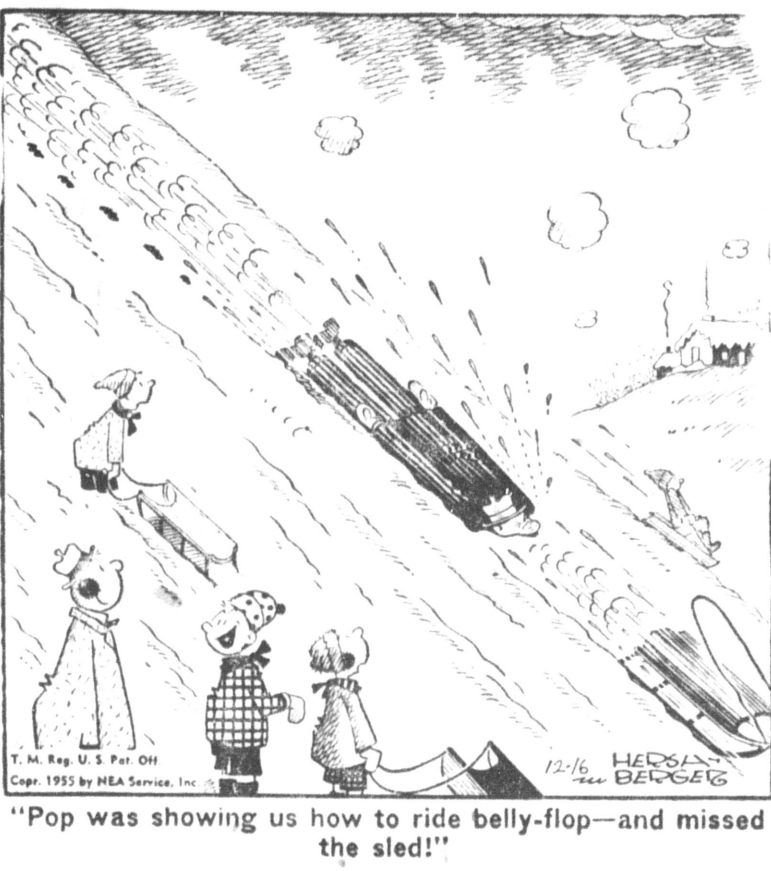

ON THE MOVE ONCE AGAIN

AFTER TEN YEARS some of world's most famous paintings have been "returned" by Russia, but only to its own zone in East Berlin, Germany. In 1945, 720 paintings were transported to the Soviet Union. Just recently, 520 of these were sent to East Berlin to be placed on exhibit at the Pergamon museum (left). Most famous of the returned paintings is Raphael's "Sistine Madonna" (right). Also in the group of returnees is Piero Di Cosimo's "Holy Family and St. John" (center). These paintings will be seen on display for the next five months, then they'll presumably go back to Russia.

THE STORY: Capt. Jered Naish, a new hand at whaling, sails toward the South Atlantic with a motley crew and brutal officers. He has yet to prove his worth as a master of a whaling ship.

NAISH drummed his fingers on the table. He closed and idly opened and closed the Journal. The ship oppressed him. The ship in her present aspect was a prison. He could identify by their snore or the tossing of their sweaty bodies Mr. Cupp and Mr. Bothwick, and Blageen, Alfie, who had a slight nasal drip and made a snuffling whistle approximately every other breath. Larned, Tatem, Diego, Kitchen, Oliphant and Titcomb.

The carpenter, he recalled, bore the full name of Nebudchadnezzar Oliphant. It was a religious name, one from the Bible. Nebudchadnezzar, he had been taught at school, had been King of Babylon. It was old Neb who had carried the Jewish people into captivity. But Oliphant came from Halibut Point on Cape Ann. Both he and the cooper were from the Cape. Titcomb was out of Annisquam, although originally his folks had lived on the Isle of Shoals. When he was vexed with him, Oliphant accused the cooper of being a "moon-cuser" and that made Titcomb angry. It was the term for a wrecker, and meant that Titcomb's folks had made their living from sunken ships. There had been more than a little wrecking done on the Isle of Shoals.

He knew that behind his back the fo'c'sle gang now called Mr. Cupp "Hongry-Hongry" because of the mate's Arctic experience. Mr. Finnie's wife, Rachel, was supposed to be unfaithful to him with a snuff-grinder from Lynn. Checkers, the cook, a Pequot Indian from Stonington, had

ly at peace. He was very hungry, and once he had worked his observations and plotted them and had his breakfast, he'd sleep. And the wind was coming aboard; on deck, the watches ran to get at the sheets and braces, bring the ship to the new course. Away, away Brazil. And let there be whale, plenty and plenty whale for the old Obis with her seaweed skirt.

IT was, Mr. Cupp said, a fair-sized pod of right whale. They lay some six or seven miles distant over the slowly heaving sea and swam in almost geometric alignment through the broad yellow field of brist.

"Brit brings 'em," Mr. Cupp said, hoarse in his excitement. "They live on it. Shall I lower, sir?"

Cupp moved with supple speed toward his boat. Diego was already in it, preparing to lower. The sailors on lookout at the three mast-heads were still crying in the ululating fashion they had learned from the harpooners, "Thar she blows! Oh, blo-ows an' white water-ers!"

Alfy handed him a glass up through the scuttle before he was on the second step. "Mr. Bothwick," he called as he ran forward to the mainmast, "back the main and hold her easy off the wind till I tell you different."

On the main topmast cross-trees he slipped under the padded scoop and uncoiled himself and swung the glass on the pod. Five. No, six. Big fish, too, and when they breathed the twin spouts were ardent white tufts that trembled yards above the great gray hunch of the heads.

Astern of them, broad as a township lane, marvelously even, were the spaces they had eaten through the brist.

Mr. Cupp, Mr. Wilson and Mr. Finnie were sailing their boats into the brist. Their plan was to come upon the whales from behind. This was the safest way, because head-on a beast of the size of those could see his enemy in time to sound, or use tail and flukes to smash a boat.

Golden Wedding Day Dec. 21 For Dugger Couple

JERSEYVILLE — Mr. and Mrs. William E. Dugger, well known Jerseyville couple, will mark their golden wedding anniversary on Dec. 21 but have planned no formal celebration of the event, as Mrs. Dugger has not been in good health.

The wedding of the couple took place Dec. 21, 1905 at the residence of the Rev. Edward Ford, east of Roodhouse, pastor of the Roodhouse Baptist church of that vicinity.

Mrs. Dugger was formerly Miss Florence Griffin, daughter of the late Mr. and Mrs. F. C. Griffin of Athensville, Ill., and Mr. Dugger's parents were the late Mr. and Mrs. F. M. Dugger of Palmyra. He celebrated his 70th birthday on June 20 and Mrs. Dugger was 71 on Sept. 13.

White Hall Couple Plans To Observe 50th Anniversary

WHITE HALL — Mr. and Mrs. Fred Collins, who will be married fifty years on Dec. 20, will observe the anniversary by having open house to their many friends at their home on Sunday, Dec. 18, on South Carrollton street from 2 to 4 o'clock.

Police Called As Men Got Clippings In 'Money' Bundle

LONDON, Ky. — An airline employee told a federal court jury Thursday he called police to the London-Corbin airport the day two Toledo, Ohio, industrialists say they were swindled of \$50,000 there.

The witness, James Minnex of the Piedmont Airlines, testified that Kenneth Close asked him to call the sheriff July 28 but that he called state police because he figured they could get to the airport sooner.

Kenneth Close and his brother, Robert, say they took \$50,000 to the airport to swap for what they thought was \$100,000 in thousand-dollar bills but got, instead, a package of newspaper clippings.

Charles Paul Rothchild, Carbon-dale, Ill., and four other men are on trial on charges of conspiring to defraud the brothers.

The Close brothers testified that they thought they were buying large bills obtained by an anonymous Mississippi man in slot machine dealings.

Other defendants are Simpson Bryan Cross and Clemmie Joe Buchanan, both of Jackson, Miss.; George Jack Hutchinson, Louisville, and George Henson, London.

RED SAFETY

SURVEYING HIS LOSS—Ralph Vaca of Seattle, Wash., sadly stands in his 100-acre cabbage field destroyed by a recent cold wave. Carrots, potatoes and celery also suffered in the cold which killed 11 million dollars in crops in western Washington, Oregon. Vaca estimated his own loss at \$12,000.

Snead's 70 Leads Sanford Open By One Stroke

SANFORD, Fla. (P)—The weather turned cold Friday and so did Sam Snead's putter, but his even par 70 was good enough to give him a one-stroke lead at the halfway mark in the \$15,000 Sanford Open Golf Tournament.

"I missed putts all over the course," Sam moaned as he walked off the sun-wetted, chilly course. His record six-under par 64 in the opening round gave Snead a 36-hole total of 134.

Bunched in second place just one stroke back of Snead were Al Balding of Ontario, Canada; Walker Inman Jr., of Augusta, Ga.; Leo Biagetti of Willoughby, Ohio; Jim Ferree of Winston-Salem, N. C.; and Marty Furell of Lemont, Ill.

Inman and Balding shot 66—low score for the day. Biagetti had a 67 and Furell and Ferree fired 68.

The field of 125 was reduced to the 60 low scoring pros, plus ties, and 10 amateurs for the final two rounds. Pros shooting 144 or under qualified.

Dow Finsterwald of Bedford Heights, Ohio, who tied for second place two strokes behind Snead after the opening round, matched Snead's 70 and finished in a four-way tie at 136.

The sun shone brightly over the 6,205-yard par 36-34-70 Mayfair Inn Country Club course—but the temperature was in the chilling 40s and a biting wind ripped across the fairways.

Snead blamed the hand-numbing cold for some of his putting troubles.

Nebraska Upsets UCLA 71-65

LINCOLN, Neb. (P)—Nebraska upset favored UCLA, 71-65, here Friday night for their second basketball win of the season against three losses. UCLA led at the half 35-25. A 12 point rally with 9:36 left gave Nebraska the game.

While Nebraska was picking up those 12 points, UCLA could get but two and fell behind, 60-51. After that Nebraska played ball control and easily maintained the advantage.

Normal 105, Northern 84

NORMAL, Ill. (P)—Fred Marberry poured in 44 points Friday night to lead Illinois Normal to a 105-84 College Conference of Illinois basketball triumph.

Marberry had 16 field goals and hit on 12 of 16 free throw attempts. Normal had a 50-46 half-time lead but stretched it to 10 points early in the second half and won going away.

Carl Olson was high for Northern with 22 points.

Illinois Will Display Its "Fire-Wagon" Team Before TV Fans Sat.

CHAMPAIGN, Ill. (P)—The University of Illinois displays its "fire-wagon" basketball team before the nation's TV fans Saturday (2 p.m. CST-CBS) against invading Washington of St. Louis.

In their two victories in three starts, the Illini whipped in more than 100 points per game, trouncing Butler 107-75 and Notre Dame 103-93. The one loss was by a single point to Missouri, 74-73.

Hence, Harry Combes' Big Ten contenders will carry a 94.3 average against Washington's rangy, deliberate Bears in Huff Gymnasium.

Six other Big Ten teams will be in action Saturday night as the pre-championship campaign gathers momentum. These non-loop tilts include Indiana (2-1) at Missouri, Loyola of Los Angeles at Iowa (2-1), Michigan (4-1) at But-

MACOMB — (Special) — Coach John Chapman's J.H.S. Crimsons had to stave off a 4th quarter rally at Macomb Friday night to win 58-56 in a non-conference tilt. The score was tied as play ended in the second period to lead Macomb the rest of the game. The Crimsons had a ten point lead at half-time and came back in the 3rd quarter to increase their lead 47-30.

Macomb was red-hot in the final period as they scored 26 tallies compared to the Crimsons 11 markers, but they were too late to catch the Crimson quintet as play ended giving JHS its 3rd win of the season.

Bill Jordan led the Crimson scoring parade with 25 points. Gary Little played a fine floor game and his point production of 15 tallies was second highest.

Hanning, Macomb forward, was their big noise netting 24 markers. The Crimsons next home game will be the Holiday Tournament, December 22 starting at 1:30. The teams playing will be Quincy High, Madison, Schurz of Chicago and host team JHS.

Coach Bob Kraushaar's junior varsity continued its perfect record of no losses this season by winning the preliminary 72-63.

Minnesota Bests Irish 83-75

MINNEAPOLIS (P)—Minnesota almost squandered a 15-point lead Friday night but hung on to defeat Notre Dame 83-75 on Jed Dommeier's long-range bulls-eyes.

Leading 58-43 at one stage in the second half, Minnesota might have crumbled save for Dommeier's superb marksmanship from out-court that produced 27 points for the lean 6-3 Gopher center.

Notre Dame's John Smith and Lloyd Aubrey, both 6-5, led a counter drive which brought the Irish to within 75-73 with 1½ minutes remaining.

The Gophers' Maury DeMarals dropped two free throws at this stage but Notre Dame's Bob Devine retaliated with a drive to make it 77-75 with 50 seconds left.

Here Minnesota's Dave Tucker scored from underneath, then sank a free throw and seconds later Dommeier scored on a short jump shot and added a free throw to clinch the game.

Notre Dame's offense, hampered by slipshod execution in the early going, didn't shake out until midway through the first half. Minnesota held a 34-28 margin at half-time.

One of the most interesting contests is the Buckeye invasion of St. Louis where the Billikens, who Monday spilled strong Indiana, will try to handcuff fabulous Robin Freeman, Ohio State's "40-point shooter."

Saturday's televised game is expected to feature one of the finest all-around players in the Big Ten, guard Paul Judson of Illinois. Judson, Illini captain, not only is a clever playmaker and floor man, but also paces his team's scoring with a 20-point average.

The Illini boast a towering front line in 6-8 George Bon Salle, 6-6 Marv Schmidt and 6-5 Bruce Brothers, and a trucky "little guy," 5-9 Bill Ridley, teamed with the 6-4 Judson at guard.

New York Bond Market

NEW YORK (AP)—Rail and industrial issues declined and pushed the bond market moderately lower Friday.

U. S. Treasury securities made their strongest gains of the week with firmness notable among the long range bonds.

Volume declined to \$3,340,000 par value from \$3,682,000 Thursday.

New municipal issues moved well. The Illinois toll road 3 3-4s were up to 101 3-8 bid, 101 1-2 asked.

New York Stock Market

NEW YORK (AP)—Irregularity was the keynote of Friday's stock market, but the final trend was higher.

The upturn in the market was far from unanimous, but the move was enough to break string of five straight declines.

The aircrafts and steels provided most of the strength for the longest time. Some oils shot ahead near the close. Many individual stocks were in demand.

Motors were backward throughout the session, and the railroads never did very much.

Tax selling and switching was credited with creating the irregularity. Brokers professed to be pleased with the manner in which the market has been absorbing this type of offering.

The Associated Press average of 60 stocks edged up 40 cents at \$178.60. It was down 20 cents Thursday. The industrial component of the average was up 80 cents, railroads gained 20 cents, while utilities remained unchanged.

Volume came to 2,310,000 shares as compared with Thursday's 2,260,000 shares.

Prices were mixed to higher on the American Stock Exchange with trading heavy at 1,150,000 shares against 850,000 traded Thursday.

MOST GRAINS MAKE SMALL GAINS IN QUIET DEALINGS

By WILLIAM FERRIS

CHICAGO (AP)—Most grains eked out small gains in relatively quiet dealings on the Board of Trade Friday.

Wheat showed considerable strength at times but ended up under its high point. Rye also was strong. Corn lagged most of the session, firming a bit just before the close on news Brazil wanted cash corn.

At the finish wheat was 1/4-1/2 higher, corn unchanged to 1/4 higher, oats unchanged to 1/4 lower, rye 1/2-3/4 higher, soybeans 1/2 lower to 1/4 higher and lard 12 to 33 cents a hundred pounds higher.

At times a good deal of short covering appeared in both December wheat and December rye. Trading in all December deliveries ended at the close next Tuesday.

Wheat at Minneapolis had a good runup at one time and Chicago tended to follow the Northwest market. There were reports of some increase in flour business at that market.

New crop wheat futures drew support on lack of moisture overnight in the Southwest, plus a five-day outlook which foresaw only 0.10 to 0.25 inch of moisture in Nebraska, eastern Kansas and eastern Oklahoma and little or none elsewhere.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Butcher hogs mainly sold steady to strong Friday with the top quotations remaining unchanged at \$12.00 for the fourth straight day.

Sows were steady to 25 cents higher. In a few instances early butcher sales also were up 25 cents. This gain was lost by the close when the market barely held steady.

Salable receipts totaled 14,000. Sixty head of butchers brought the \$12.00 top. Most 190 to 220-pounders sold at \$10.75 to \$11.75, 230 to 250-pounders at \$10.00 to \$11.00 and 260 to 320-pounders at \$9.25 to \$10.00. Sows moved at \$8.00 to \$9.25.

In the cattle section, when salable receipts totaled only 800 head, steers and heifers were quoted nominally steady. Buyers paid \$16.00 to \$21.00 for a few small lots of good and choice steers and yearlings. Commercial to good heifers brought \$12.00 to \$17.00.

Cows were steady at \$9.75 to \$11.00 for utility and commercial and \$8.00 to \$10.00 for canners and cutters. Vealers also were steady, good to prime going at \$20.00 to \$26.00 and cull to commercial at \$10.00 to \$19.00.

Salable sheep receipts totaled 500. All classes held steady. Good and choice woolled lambs were taken at \$17.00 to \$18.00.

Tom Duggan, TV Performer, Draws Sentence, Fine

CHICAGO (AP)—Tom Duggan, Chicago television performer, today drew a 10-day jail sentence and a \$100 fine for contempt.

Judge Daniel A. Covel of Superior Court set the penalty. It was for indirect contempt of court—for making remarks on TV about witnesses in a child custody case.

Duggan conducted a nightly chatter program on a Chicago station.

The judge stayed the sentence for 30 days to permit an appeal, and Duggan was released on a \$100 bond.

The judge convicted the defendant, whose full name is Thomas Duggan Goes, on Wednesday.

The contempt action stemmed from litigation involving Carl Champagne Jr., 24, and his estranged wife, Shirley, 23. Champagne sued Shirley for divorce and also sued Duggan for \$250,000, alleging alienation of affection.

Champagne also sued for permanent custody of his son, Carl III. Duggan's televised comments while the custody case was being tried led to the contempt citation. They included criticism of a witness, a private detective who testified he had followed Duggan and Mrs. Champagne to Duggan's apartment.

Business, School Leaders To Give Job Information

SPRINGFIELD, Ill. (AP)—Vernon L. Nickell, state school superintendent, announced today that educational and industrial leaders in Illinois will cooperate to present detailed job information to all high school and college students.

Nickell said that Mrs. Anne V. Zimer of Chicago will serve as chairman of a special committee of industry representatives which will make a study of specific job requirements and potentials.

The committee will prepare a report that will include wage scales, hours, possibilities of advancement, company histories and other information. The report will be made available to every public and private high school and college in Illinois.

Nickell said schools should know present and future trends in business so that young people can plan their studies accordingly. "Failure to match job demands to the individual's education, personal interests, training and backgrounds results in job apathy and unhappiness," he said in a statement.

CHARACTOR ACTORS, DOROTHY BERNARD, PAUL HARVEY DIE

HOLLYWOOD (AP)—Dorothy Bernard, 61, and Paul Harvey, 71, two of the theater's best known character actors, died Thursday of heart attacks.

Miss Bernard, currently appearing as "Margaret" and book-keeper in the television series "Life With Father", was stricken in her home.

Harvey, who often played forthright business and professional leads, died in his sleep.

Harvey, a native of Sandwich, Ill., came to Santa Ana, Calif., with his parents as a child.

QUAKE JOLTS CALIFORNIA TOWN

PASO ROBLES, Calif. (AP)—A rolling earthquake cracked plaster in some homes and swayed lamp posts in this central California town for 30 seconds today.

There were no reports of injuries.

The quake occurred at 6:44 a.m.

short statement when he reconvened the Assembly after a recess of an hour and a quarter.

Maza said that in view of the deadlock, it had been felt that lots should be drawn in the office of the president of the Assembly between the two candidates, the Philippines and Yugoslavia, and that the loser should withdraw his candidacy.

He said that the first candidate would after the first year of office resign the seat now in question and it will be filled by the election of the other candidate.

It was said that the plan would all be a gentlemen's agreement and nothing would be put down in writing.

Eleven of the 16 new members admitted to the U. N. Wednesday were present for the balloting.

On the last ballot Friday morning, the Philippines received 37 votes and Yugoslavia 31. Counting those of the new members voting now, 46 votes were required for a two-thirds majority of the 70 ballots cast.

Maza said he had sought for weeks to produce a solution but was balked mainly by strong stands taken by the United States, backing the Philippines, and Britain, supporting Yugoslavia.

Japan Fishing Village Reaps \$10,000 Sea Crop

ARARI, Japan (AP)—This sleepy fishing hamlet south of Tokyo was reaping an unexpected Christmas harvest today—a school of 2,000 dolphins.

Each dolphin is about five feet long and worth more than \$5. The 10,000 marine bonanza is real riches to 2,600 fisher folk who normally wrest a meager living from the sea.

A lookout spotted the school Tuesday and aroused the villagers. Every able-bodied man, woman and child took to the boats.

They formed a ring around the school of big marine mammals and, beating madly on empty tin cans, drove them into Arari Bay. Then they sealed the entrance with their tiny boats.

About 599 dolphins flopped onto the white sandy beach. Villagers rushed there to market.

The village headman ordered the others left to swim in the natural aquarium.

"We'll ruin the price if we take them out all at once," he cautioned.

Fishermen predict the school will last for weeks if harvested slowly.

Wes Santee Feels He Will Be Able To Run In Olympics

NEW YORK (AP)—Miller Wes Santee feels that any questions about his expense accounts will be cleared up and he will be able to run in the 1956 Olympics.

Before returning to Quantico, Va., after winning the mile at Thursday's Metropolitan Handicap meet, the Marine lieutenant from Kansas said:

"My conscience is clear and I doubt that the special AAU committee supposed to be investigating the entire picture of athletes' expense accounts would find me guilty or would want to under the circumstances."

"Officials have told me the present investigation isn't directed at me, personally, but rather at the whole question of expenses."

"It would be terrible if I didn't get to run in the Olympics again. Hungary's Sandor Iharos naturally would be favored, but I believe my chances would be good."

Frank Kovacs Gets One Week Sentence In County Jail

SANTA CRUZ, Calif. (AP)—Frank Kovacs, 35, former professional tennis champion, Friday was sentenced to the county jail for one week on a charge of loitering after a school.

Kovacs pleaded guilty. A second charge of annoying an 8-year-old schoolgirl was dismissed.

Municipal Judge James J. Scopetone also placed Kovacs on three years' probation. The sentence specified that probation will be revoked if Kovacs is found near school grounds or teen-agers with liquor on his breath.

Kovacs was arrested Nov. 14 on a charge of annoying the girl by offering her a ride in his automobile.

Municipal Judge James J. Scopetone also placed Kovacs on three years' probation. The sentence specified that probation will be revoked if Kovacs is found near school grounds or teen-agers with liquor on his breath.

FTC Works To Halt 'Harmful' Health Insurance Ads

WASHINGTON (AP)—The Federal Trade Commission turned from prosecution to persuasion today in an effort to halt what it considers "deceptive and harmful" advertising of health and accident insurance.

It said Thursday it would convene "as soon as possible" a meeting of state insurance commissioners, industry representatives and others interested to seek a "uniform corrective solution" to the problem.

The agency has been studying the insurance field for nearly two years, and has charged 41 companies with using false and misleading advertising. Most of the companies have denied the charges and set out to fight them.

\$2 Million Almost Gone—Spreckels Now Plain Smith

SEATTLE (AP)—John D. Spreckels III, who once inherited two million dollars, is plain John D. Smith, cabinet salesman today.

He got the new name Thursday in Superior Court. He said the Spreckels name had been a handicap because it made it tough to get a job. Prospective employers looked upon him "as a financier or a playboy."

Spreckels inherited the two million dollars from his grandfather, sugar baron Adolph B. Spreckels, in 1930 at the age of 20. Most of it is gone now.

Spreckels has been married and divorced four times.

Three years ago his fourth wife divorced him when he was a hotel night clerk. Wife No. 4 waived alimony, got \$100 a month for support of their infant son.

Since then, he has taken a job as a salesman for his brother Adolph, who operates a custom cabinet shop here.

Asked if he had any debts, Spreckels said he owed the government some back income taxes. "I'm paying \$25 a month on that."

San Francisco Dons Beat Marquette 65-58 In Tourney

CHICAGO (AP)—The nation's top-ranked San Francisco Dons shook off tenacious Marquette behind Bill Russell's shooting in the final 10 minutes Friday night to gain their 30th straight basketball victory, 65-58.

The Dons will meet De Paul, a 68-64 upsetter of Duquesne, for the De Paul tournament title Saturday night.

Wallace Gibbs, Former Printer In City, Dies

Wallace Gibbs, a former Jacksonville printer, died at 2 o'clock Friday morning at the Hamilton Medical Center in St. Louis, Mo. He had been in failing health six months.

Mr. Gibbs, who for a number of years was employed as an ad compositor by the Jacksonville Journal-Courier, had resided in St. Louis for the past five years. At one time he operated a job printing shop on West State street here.

He was a member of the former State Street Presbyterian church of this city and Local 356, International Typographical Union.

Mr. Gibbs was born June 30, 1872, in Knox county, Illinois, son of Charles and Rebekah Gibbs. He was preceded in death by his wife, Florence, in November, 1950.

Surviving are two daughters, Lana Gibbs and Rebecca Gibbs, both of St. Louis.

The remains were brought to the Gillham Funeral Home in this city, where private services were conducted at 3 o'clock Friday afternoon, in charge of Dr. Joseph Baus, pastor of First Presbyterian church. Entombment was made in the Diamond Grove mausoleum.

Final Rites For Mrs. Edna Burks Held Friday

Funeral services for Mrs. Edna Burks were held Friday morning at 10 o'clock at the Williamson Funeral Home with Rev. Gerald Miller, pastor of Central Christian church officiating.

Organ music was furnished by Mrs. Francis Angel.

The floral offerings were cared for by Rose Mary Jarvis, Edith Ann Gibb, Helen Wilson, Clara Dunbar, Dorothy Murphy and Florence Houghman.

The casket bearers were Harvey Jarvis, Keith Gibb, Lloyd Murphy, Dave Tribble, Homer Ward and Claude Newby.

Burial was in Memorial Lawn cemetery.

Bailey Rites Held Here Friday

Final rites for Mrs. Ethel Bailey were held at the Gillham Funeral Home at 2 p.m. Friday with the Rev. Charles Adams of Virginia officiating.

Mrs. Bailey made her home in Denver, Colo.

The organist was Mrs. Lucille Chandler and those who cared for flowers were Mrs. Mary R. Bailey, daughter-in-law of the deceased, and Miss Verna Rexroat.

The pallbearers were George W. Rexroat, Tom Finn, Frank Finn, Harley Mefford, Albert Pratt and Fred R. Bailey, Jr.

Interment was made in Walnut Ridge cemetery at Virginia.

LOCAL POST OFFICE WILL REMAIN OPEN ALL DAY SATURDAY

Phillip Day, local postmaster, announced Friday afternoon that the window at the postoffice will be open all day Saturday for the mailing of packages and sale of stamps.

The window will open at 8 a.m. and close at 5 p.m.

The postmaster also said that there will be a delivery of mail in the city Sunday.

BROOKLYN CHURCH CLASS HAS SUPPER

The Golden Rule class of Brooklyn church held its December meeting with a potluck supper in the church basement.

After the meal the meeting was held. Christmas carols were sung and each person answered roll call by naming a favorite Christmas dessert. Rev. Tucker offered prayer. A gift exchange was held.

Mr. and Mrs. Noel Lettice will be host and hostess for the January meeting which will be the third Tuesday. Mrs. Pete Riggs will give devotions.

\$1153 Raised By Fire Fighters For Dystrophy Fund

A check for \$1,153.40 has been mailed by Local 637, International Association of Fire Fighters, to the Muscular Dystrophy Association, Inc., representing all collections and donations made by citizens of this community during the campaign.

The firemen issued a statement of appreciation to all who contributed to the fund, and all volunteers who helped with the drive, with particular emphasis on the white helmeted volunteers who took part in house-to-house solicitation.

Dale W. Bond, chairman of the campaign, reported that \$619.55 was obtained by the house-to-house activities. The sum of \$254.67 was deposited in the firemen's buckets on the square, and \$54.18 was collected in canisters placed in business establishments. Various clubs and organizations added \$225, helping the firemen to go over the thousand dollar mark.

Boys and young men who participated in the volunteer solicitation included Gary Craddock, Joe Bond, James Hayes, Richard Dewese, Mike McCurley, Mike Smith, Gary Kinnett, Billy Joe McCurley, Kerry Kitter, Bill Thomson, Dean Lou Jr., Dale Thayer, Ronald Yates, Jared Hopper, Larry Jones, Jerry Bellinson, Don Schillinger, Clayton Stephenson, Roy Johnson, Ronnie McKipe, Dick Barton, J. Alice J. Wheeler Dies Thursday At Home Of Daughter

Mrs. Alice J. Wheeler, 93-year-old widow of Alfred Wheeler, died at 8:35 p.m. Thursday at the home of her daughter, Mrs. Seth Thorndike, southeast of Concord.

She spent most of her life in the Chapin-Arenville community, but had lived with her daughter for the past 19 years, following the death of her husband in 1936.

Mrs. Wheeler was born in West Virginia June 16, 1862, the daughter of the late Andrew and Matilda Groves Hall. She and Alfred Wheeler were married in 1880.

Surviving from a family of 12 children are Mrs. Miranda Carpenter of Mt. Sterling, Andrew Wheeler of Litenberry, Harvey Wheeler of Litenberry, Mrs. Margaret Durbin of Havana and Mrs. Seth Thorndike of near Concord.

Other surviving relatives include one stepdaughter, Mrs. Leah Howard of Jacksonville; one brother, Calvin Hall of Versailles; one sister, Mrs. Lucinda Wheeler of Perry; 13 grandchildren and 14 great-grandchildren.

Mrs. Wheeler was a member of the Baptist church.

Funeral services will be held at 2:30 o'clock Sunday afternoon at the Chapin Christian church, with burial in the Chapin cemetery.

The remains are at the Williamson Funeral Home, where the family will meet friends from 7 to 9 o'clock Saturday evening. The remains will be taken to the church one hour before the services.

I.C. Student Injured In Wreck On U.S. 66

An Illinois College student, Sam Willow, 20, of Euclid, Ohio, was reported to be in fair condition in Memorial Hospital in Springfield following an accident on U. S. route 66 near Williamsville at 1:30 p.m. Friday.

The car in which he was riding, driven by John Yelton, also a student at I.C., collided with one driven by A. N. Watt of Springfield, when Watt pulled from a side road onto the highway. Watt, Yelton, and two MacMurray College girls, Barbara Waller of Geneva, Ill., and Mary Lou Kenyon of Elgin were all treated at the hospital for cuts and bruises and then released. Willow was taken from the scene of the accident north of Springfield to Memorial Hospital in the Stabb ambulance. He was found to be suffering from undetermined head injuries and a thumb injury.

All students were on their way home from college for the Christmas vacation at the time of the wreck.

The state police were called to the scene of the crash and made an investigation.

Wreck Involves Three Cars On College Avenue

Three cars were involved in a collision in front of the Williamson Funeral Home on West College ave., at about 4:30 p.m. yesterday.

A 1954 Chevrolet driven by M. E. Gilbert of 603 S. Prairie was going west on College ave., when an oncoming car forced him to swerve toward the curb colliding with a parked 1951 Mercury owned by M. Corder of route one, Ashland.

The Mercury then moved forward and collided with a parked 1954 Plymouth owned by Lee Shadid of 901 West Chambers.

The Gilbert auto was towed to the John Elgin garage and the other two machines were able to leave under their own power.

Officer Stafford of the police department made an investigation.

FLY ENTERTAINERS TO U.S. BASES

BURBANK, Calif. (AP)—Six planes carrying about 100 Hollywood entertainers took off Friday to take Christmas cheer to U. S. military bases throughout the world.

Buddy Rogers and Maxie Rosenbloom headed a unit bound for Europe; Johnny Grant and Roscoe Ates headed groups which will tour the Far East; and Ben Yost was in charge of an Alaskan unit.

The other groups headed for North Africa, the mid-Pacific and the Northeast Air Command which includes Newfoundland, Labrador and Greenland.

DR. SCHWEITZER ENDS VACATION

BORDEAUX, France (AP)—Dr. Albert Schweitzer, 80-year-old medical missionary and Nobel peace prize winner, embarked Friday for Africa to return to his jungle hospital.

Smiling and in apparent good health after a four-month European visit, Schweitzer told shipboard newsmen he was very happy to be going back to Lambarene to take up his 40-year fight against leprosy.

"If I should not go back to Africa, I feel that in several days I would feel 10 years older," he said.

CLOSE HORICON MARSH TO BOW, ARROW NIMRODS

MADISON, Wis. (AP)—The Wisconsin Conservation Commission Friday ordered the federal part of Horicon Marsh—17,000 of the 28,000 acres in the area—closed to deer hunting by bow hunters after an exceptionally high kill.

The bow hunters, who turned out 4,000 strong for the last weekend for the opening of a special post-season hunt at Horicon, have killed more than 300 deer in six days.

President To Get Heart Checkup By Dr. White Today

GETTYSBURG, Pa. (AP)—President Eisenhower reaches another medical milestone Saturday—the end of 12 weeks of convalescence and another heart checkup by Dr. Paul Dudley White.

Out of the examinations and consultations by the renowned heart specialist and three other doctors may come additional pieces for the jigsaw puzzle over Eisenhower's political intentions.

Certainly politicians of both parties will be looking for them. Yet it may be another month before the physicians can tell the chief executive that from the medical point of view he has all the facts they can offer on which to base a decision for or against trying for a second term in 1956.

There is a possibility, of course, that Eisenhower already has made up his mind.

Saturday morning, White will be in to see Eisenhower at 10:30 a.m.

The Boston specialist, the chief consultant on the President's case, last examined Eisenhower in Denver on Nov. 7. With him Saturday will be Col. Thomas W. Mattingly, chief of the heart department at Walter Reed Army Hospital in Washington; Maj. Gen. Howard M. Snyder, the President's personal doctor; and Maj. Walter Tkach, assistant White House physician.

The medical team, Presidential Press Secretary James C. Hagerty said, will go over electrocardiograms and X-ray pictures of the President's heart and chest made last Saturday at Walter Reed, results of blood chemistry tests, and the day-to-day records Snyder and Tkach have kept.

At a midafternoon news conference, White is expected to give the White House press corps an up-to-the-minute analysis of Eisenhower's health and an outline of the program for continued convalescence.

Funerals For Four Of One Family Killed In Crash

MURPHYSBORO, Ill. (AP)—Funeral services were held in the First Baptist Church Friday for four members of a Murphysboro family killed in a train-truck collision.

Side-by-side in front of the church altar stood the caskets of Raymond Webb, 26; his wife Phyllis Ann, 28; their daughter, Sharon Kay, 4, and son, Richard, 1.

In nearby St. Andrews Hospital, doctors continued their four-day battle to save the life of 3-year-old Michael, another son critically injured in the crash.

A small pickup truck in which the Webbs were riding was struck Tuesday by an Illinois Central passenger train, just 200 yards short of the train's scheduled stop at the Murphysboro station. The collision occurred at an unmarked private crossing.

RULE COLLEGE TUITION CAN'T BE RAFFLE PRIZE

HARTFORD, Conn. (AP)—A half-year's tuition at college is neither merchandise nor tangible personal property and, therefore, can't legally be offered as a prize in a raffle, Atty. Gen. John J. Bracken ruled Friday.

Recent legislation in Connecticut legalizes raffles under tight restrictions, one of which prohibits the offering of money as a prize.

The senior class at Fairfield University is seeking a permit to conduct a raffle with second semester tuition at the university as a prize.

Spent Vacation In Home Built 300 Years Ago

Rev. and Mrs. C. A. Sullivan, 902 Doolin avenue, have returned from an air trip to Taxco, Mexico, where they spent a pleasant two weeks in their son's tourist home, a portion of the building being more than 300 years old. Their son, L. A. Sullivan, has been engaged in the tourist home business for six years.

The guest house dates back more than three centuries and was built originally for a silver refinery. After acquiring the property Mr. Sullivan rebuilt and modernized the structure, which he named Del Chorro.

Rev. and Mrs. Sullivan made the trip out of St. Louis on the American Airlines. They were met at the airport in Mexico City by their son and daughter-in-law, and motored to Taxco, which is 100 miles south of the capital.

"Living is cheap in Mexico," Rev. Sullivan said Friday in discussing his vacation visit. "Money itself is cheap—12 pesos to the dollar of our money."

He said a modern toll highway is being built from Mexico City to Acapulco, passing through Taxco. The highway is expected to prove a big stimulant to tourist business.

"We were sorry for the poor Mexicans; only a minority are well-to-do," Rev. Sullivan stated. "Many children look poor and hungry. Cattle, hogs and donkeys roam the streets."

Expect Big Crowd To See Christmas Parade

"If you want to see the Christmas Pageant this Saturday afternoon, you'd better come early!"

This advice was expressed by John Prickett, publicity chairman of the Pageant, Friday morning. "From all indications, the Pageant promises to be one of the largest crowd-drawers in recent years," he said. "Response thus far from residents in and around Jacksonville is tremendous."

The parade of floats, each depicting a religious scene at the time of the birth of Christ, will begin at 3 p.m. Saturday afternoon. The parade will form in the vicinity of the new high school gymnasium, move east on College avenue to South Main street, then north to the public square, thence west on West State street back to the marshalling area.

A total of 20 floats and six choirs will participate. Boy Scouts will carry a sign in front of each float which will tell the title of the float and the scripture verse connected with it.

Immediately following the Pageant, the Jaycees will hold their annual Community Sing in the high school gymnasium. Free coffee and doughnuts will be served and a collection taken for the Nichols Fund.
